

2017 Annual Budget

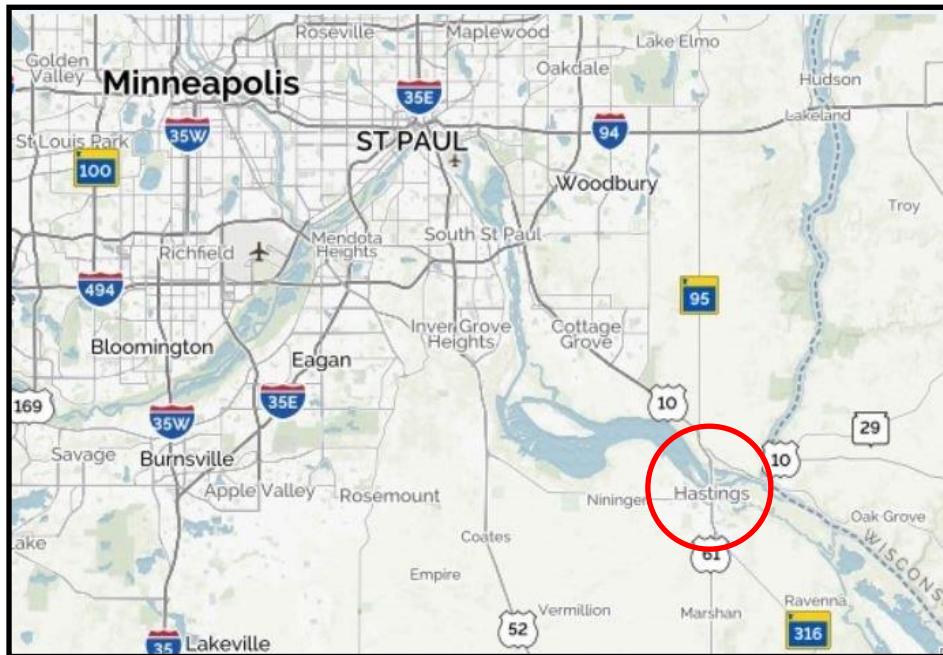

Adopted by Hastings City Council
December 19, 2016

Residents gather at the new pavilion to celebrate the grand reopening of the newly renovated Levee Park. The new park features an open air amphitheater, musical park, labyrinth, and the pavilion that has been home to many public and private events since its reopening.

The City of Hastings is a Home Rule Charter City

Home Rule Charters are in effect local constitutions. The Hastings Charter addresses election issues, Mayor and Council powers and procedures, taxation, finance procedures, and other miscellaneous provisions related to official newspapers, acquisition and sale of property, and other general provisions.

The City of Hastings conducts a Community survey every few years to gauge the level of satisfaction our residents have regarding our City services and toward the general quality of life here in Hastings. The most recent survey, conducted in 2014 by the Morris Leatherman Company, shows a very high level of satisfaction among the residents of Hastings. 97% of residents rate the quality of life here as Excellent or Good. Our residents value the small town feel and peaceful nature of our historic river city.

Introduction

December, 2016

Mayor Hicks & Councilmembers:

I am honored to present the 2017 adopted budget. The City's budget represents a plan that prioritizes the high quality services our constituents expect in a fiscally responsible manner. The budget preparation process spans a good part of a year and entails many meetings, discussions, and prioritization perspectives on how to best plan for our operations and service. We work collaboratively to bring forward budget recommendations that are rooted in our CORE Values—Communication, Optimal Service, Respect for Resources, and Enthusiasm. Additionally, understanding the short and long term impacts of proposals are imperative as we continually work to position the organization and the services we provide in a long term sustainable manner.

In 2017, the City will see an overall tax capacity increase of 4% over 2016 values. We also continue to receive Local Government Aid - \$605,150 - which we have allocated for one-time capital needs. More information about the 2017 budget investments are throughout in this document.

For this budget process, the Finance Committee (Schultz*, Alongi, Nelson) established a target to develop a final budget with an estimated property tax rate of 62.27%, which is a decrease from the 2016 tax rate of 63.58%. In alignment with that direction, a preliminary 2017 tax levy of \$12,960,920 was adopted with a projected tax rate of 62.44%. The tax rate will be recalculated one last time at the County.

The proposed budget maintains the high level of services provided to the community. Highlights include:

- 2017 Neighborhood Improvements
- Citywide Comprehensive Plan updates
- Park improvements
- Completion of Riverfront Renaissance
- Continue Riverfront Renaissance event programming

The budget document before you is the result of teamwork, communication, and respect for working together to find creative solutions to meet ongoing needs while preparing for the long term fiscal and community sustainability of Hastings. Thank you to the entire City Council for their direction, and to the Finance Committee for their thoughtful guidance. Additionally, our staff was instrumental in helping develop this budget. I would like to specifically thank Finance Manager Rebecca Petersen, Administrative Services Director Julie Flaten and Senior Accountant Diane Archer for their detailed contributions to this process. They are fine stewards of our public resources and continue to work to find the best ways to serve the Hastings community.

In service,

Melanie Mesko Lee
City Administrator

Our Community

Our Community

The City of Hastings is a dynamic, historic community located on the Mississippi River 22 miles south east of St. Paul, adjacent to Wisconsin and the confluence with the St. Croix River, a nationally designated wild and scenic river. With a population of 22,554, Hastings has grown into a mid-sized community while retaining its small town feel. As part of the Twin Cities Metropolitan area, Hastings has its own unique identity with an historic downtown, miles of trails, and historically preserved neighborhoods. Hastings keeps a piece of its history while accommodating development and evolving community needs.

As the county seat of Dakota County, which has an estimated population of 388,000, Hastings is home to the main county government center. Other large employers include Regina Medical Center, which has a hospital and medical clinic, Smead Manufacturing, producers of stationery supplies; and ISD #200, the Hastings School District.

Recreational opportunities abound in Hastings, which has an excellent trail system and many natural amenities including the breathtaking Vermillion Falls and River. There are 33 parks dotted across the community, with myriad options for tennis, baseball, soccer, skating, and playgrounds.

Following is a table of demographics from the 2010 Census.

Median Age	36.1 years
% of households with children <18 years	34%
Total Housing units	9,222
% of housing units vacant	5%
Average household size	2.59

Hastings has diverse employment opportunities.

Employer	Product or Service	Approximate # of Employees
Dakota County	County government	1,800
Regina Medical Center	Health care	875
Independent School District	Public education	638
Smead Manufacturing	Stationery supplies	575
Allina Medical Clinic	Health care	300

Intek Plastics	Plastics extrusions	180
Augustana Health Care	Nursing home	175
Quality One Woodwork, Inc.	Cabinet maker	150
Con-Agra	Flour and seed	120

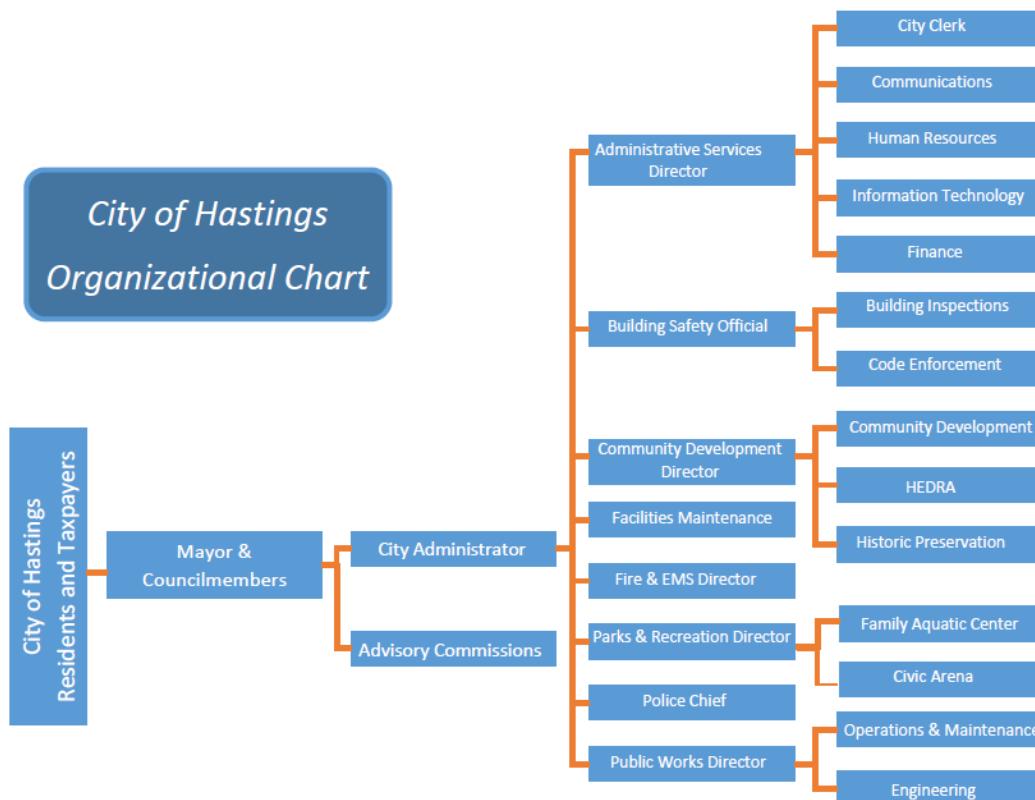

Organization

The City of Hastings has a Council/Administrator form of government, meaning that the Mayor and City Council are the legislative and policy making body for the City of Hastings. The City Council is responsible for directing the policies of the City of Hastings' services. The City Administrator is responsible for carrying out the directions of the Council majority. In this way, the Mayor and Council can focus on "big picture" issues while they oversee the Administrator who manages the day-to-day operations of the City.

The Mayor and six City Councilmembers are elected to alternating four year terms and the City of Hastings is divided into four wards. A Councilmember is elected to represent each ward, with two At Large members and the Mayor representing the entire community.

CORE Values

The City developed and adopted CORE values to articulate what our City stands for and what it means to work for our organization as it relates to providing quality services to the public. We are consistently striving to find opportunities to improve our public services and become an even better organization.

Communication

- We value and promote participation and interactions with citizens and staff.
- We will seek to assure timely and open communications while providing background and context for the decisions that are made.

Optimal Service

- We recognize the importance of providing timely, courteous and respectful service to the public and to one another.
- We will seek to serve the public and other employees in a constructive, creative and practical manner.

Respect for Resources

- We recognize the value of using all City resources in an efficient and effective manner.
- We will seek to utilize City resources to serve the common good of all.

Enthusiasm

- We are committed to protect and promote the unique characteristics of our community, including its history and scenic beauty.
- We will seek to infuse enthusiasm and enjoyment into our daily interactions with citizens, visitors and other employees.

2016 Outcomes

This list exemplifies how the City of Hastings adheres to the CORE values:

- Three newsletters are distributed to all property owners within Hastings
- City meetings are televised
- Hosted Preserve Minnesota, the 2016 Statewide Historic Preservation Conference
- Received the City of Excellence Award by the League of Minnesota Cities for the Riverfront Renaissance Project
- Completed Phase III of the Riverfront Renaissance, with downtown renovations which revitalized the streetscape, improved operational efficiencies, and replaced aged infrastructure
- Levee Park hosted 39 events, from music to movies, and art to fitness, drawing over 3,500 people to the Rotary Pavilion in its inaugural year of programming
- Reconstruction of Baily Street, including planned completion of connection to City's off-road trail system

Financial Stability

Bond Rating

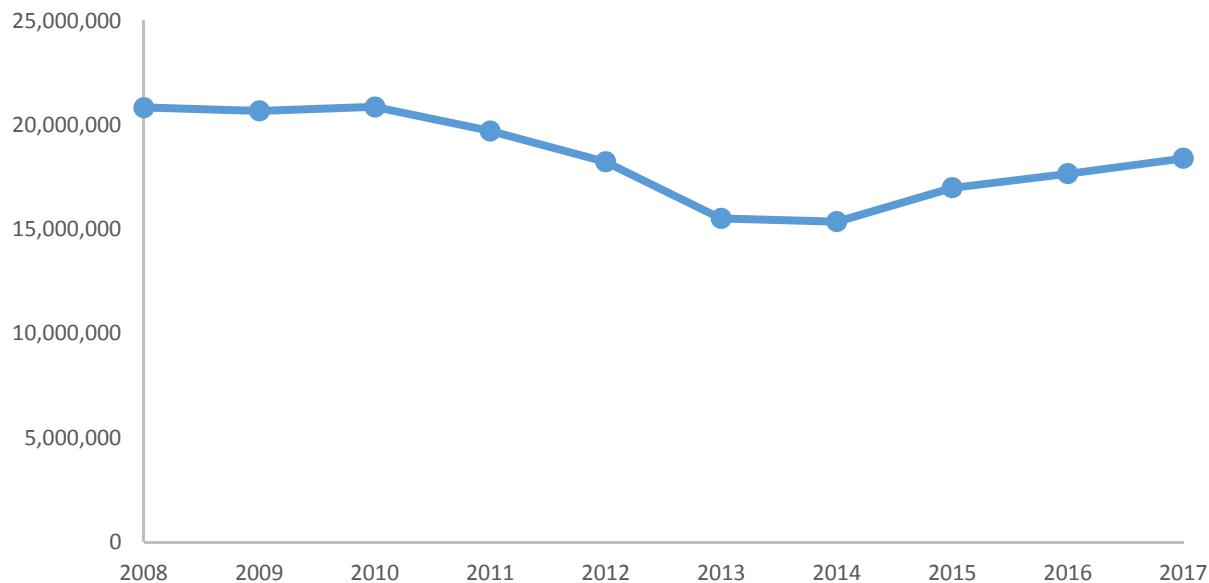

Standard & Poor's Rating Services bond rating for the last bond sale was AA. This rating indicates the strong and stable financial position for the City.

Tax Base

Hastings' tax base is primarily residential, with 66% of properties defined as such. The tax capacity decreased from 2011 to 2014 then recovered over the past three years from a low point of \$15,311,741 to \$18,350,680 in 2017. The current tax capacity remains less than the historical high point of dollars in 2008.

Tax Capacity (Taxable Value)

Growth & Redevelopment

Following significant growth throughout the 1990's - 2000's, Hastings' growth has slowed the last several years. Building permits issued hit a high of 4,776 in 2007 and have consistently dropped off. In 2015 a total of 1,340 permits were issued.

Redevelopment of both the Hudson Sprayer building on the riverfront, as well as infrastructure improvements in the downtown/Levee Park indicate the City's investment in the historic downtown and Mississippi River as a community asset and destination.

HEDRA, the City's Economic Development and Redevelopment Authority, continually reviews redevelopment tools to competitively position the City. The City created a new Economic Development Coordinator position to actively pursue economic development growth.

Financial Management

The City's Charter requires the City Administrator prepare and submit to the Council an annual budget and capital program. The City's Finance Department is vital to ensuring the accounting system and budgetary controls are maintained as established by the City Administrator and City Council.

Comprehensive Annual Financial Report (CAFR)

The City operates on a calendar fiscal year and reports its year-end financial position in a Comprehensive Annual Financial Report (CAFR) which is prepared by the City's Finance Department staff. This report is completed by June 30th and a report provided to the City Council. The report is available on the City's website.

Budget Highlights

The City uses an independent auditing firm to ensure accuracy and compliance with federal and state laws and regulations. The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting to Hastings since 1996. This is a significant award recognizing transparency and full disclosure with respect to the City's financial position.

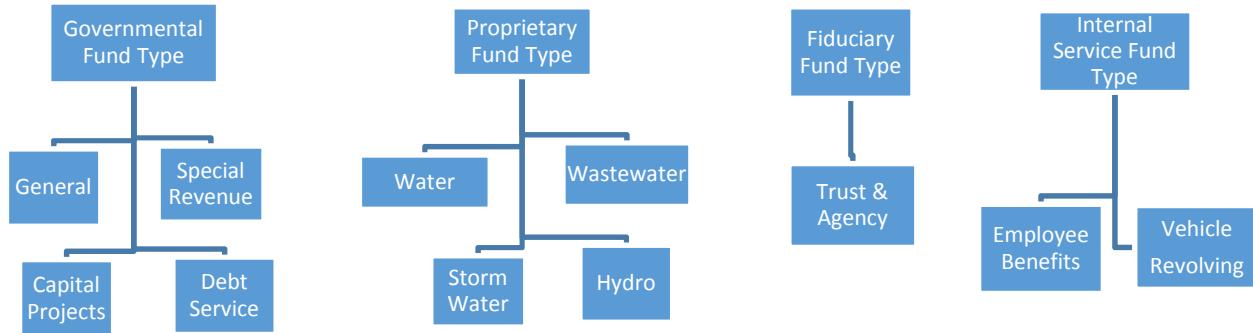

Budgetary Controls

The City of Hastings maintains a system to protect the financial assets and safeguard against fraud. These safeguards not only reduce the misuse of assets, but help to provide effective and efficient operations and help the City maintain a good financial reputation. Internal controls are in place to provide reasonable protections for accurate and lawful financial transactions.

Investments and Debt Management

The City judiciously invests to ensure that capital losses are avoided and sufficient liquidity is maintained for operational requirements. When considering whether to issue debt, the City has established policies relating to key financial, economic, and debt ratios.

Fund Structure

Fund Structure

The City records financial transactions in individual funds. A fund is a separate set of accounts established for a specific purpose. There are four basic City fund types:

- **Governmental Funds** - used to finance most governmental services based on tax revenues, charges for services, special assessments, or debt. The city's general fund, parks and recreation, debt service funds (to pay off bonds), and capital project funds are examples of governmental funds.
- **Proprietary Funds** - used to finance governmental activities operating like a private business. Examples include the water and sewer utilities. Service charges are the primary revenue source for these funds.
- **Fiduciary Funds** - trust and agency funds used to account for assets a city holds in a trustee capacity or as an agent, for example, LeDuc Mansion. Fiduciary funds cannot be used to support the city's own programs.
- **Internal Service Funds** - used to provide cost allocation to internal funds. An example is to account for equipment maintenance and replacement.

In addition, there are different funds within the fund types:

- **General Fund** - the General Fund accounts for all financial transactions not accounted for in any other fund. The expenditures from the General Fund account for a wide range of services including public safety, public works, and general government.
- **Special Revenue Funds** - governmental funds to account for services and expenditures for which revenue is restricted for a designated purpose. General tax levy dollars may also support the operations within special revenue funds. The City has ten special revenue funds:
 - Parks & Recreation – used for parks operations. Most revenue is property tax based, but some user fees are generated.
 - Hastings Family Aquatic Center – user fees contribute about 60% of the cost for the aquatic center.
 - Cable – operating grant revenues, franchise fees and charges for the City's Cable function.
 - Heritage Preservation - provides resources to the community to ensure continued preservation.
 - Fire & Ambulance – the City's Fire and EMS Department serves a geographic area broader than the Hastings City limits through our Rural Fire Association agreement. Additionally, revenues are generated through ambulance billing and other fees charged.
 - Civic Arena – this function is primarily financed through user fees.
 - LeDuc Mansion – maintenance and repair of the historic estate which is owned by the City of Hastings and programmed by Dakota County Historical Society. Funding is provided through a trust account.
 - Police Reserves – finance activities of Police Reserve Officers.
 - DUI Enforcement/Equipment – finance activities of DUI enforcement.
 - Drug Awareness/Forfeiture – revenue received from court fines that is legally restricted for the purchase of otherwise unbudgeted police equipment and/or related program expenses.
- **Debt Service Funds** - account for the accumulation of resources for the payment of debt principal and interest for the City's general obligation debt and special assessment revenue-supported debt.

- **Enterprise Funds** - “business type” funds established to account for services where most of the costs are recovered through user fees and charges. The City has four enterprise funds:
 - **Water** - revenue is generated through water usage and service charges, which are used to finance the water system operating expenses.
 - **Wastewater** - revenue from sewer usage and service charges, which are used to finance sanitary sewer system operating expenses.
 - **Stormwater** - revenue from storm water fee to support the capital and operational needs of the storm water system.
 - **Hydroelectric Plant** - revenues from this account are used to finance ongoing and future capital needs as well as subsidize general fund operations.
- **Component Funds** - this is the Hastings Economic Development and Redevelopment Authority (HEDRA), which has authority to support rehabilitation and neighborhood stabilization projects as well as economic development initiatives throughout Hastings.
- **Capital Projects Funds** - used for the acquisition or construction of major capital facilities and equipment (except those financed by proprietary funds). The City has four Capital Projects Funds:
 - **Parks** - created for construction and capital improvements of City parks. Revenue is primarily from park dedication fees.
 - **Mill and Overlay** - accounts for annual street mill and overlay project funded through Municipal State Aid.
 - **Road Improvement Construction** - accounts for annual infrastructure improvements. Construction is funded generally funded from a combination of intergovernmental revenues, bond proceeds and contributions from utility funds.
 - **Budget Stabilization** – accounts for large planned purchases for which funds are saved over a number of years. Revenues primarily come from external one-time sources such as LGA and internal transfers.

Fund Balance Policy/Goals

The City of Hastings established policies to articulate the goals for appropriate fund balance levels for each of the governmental funds as well as the enterprise funds. These policies are periodically reviewed by the City Council and amended as determined necessary.

Revenue by Type (City)

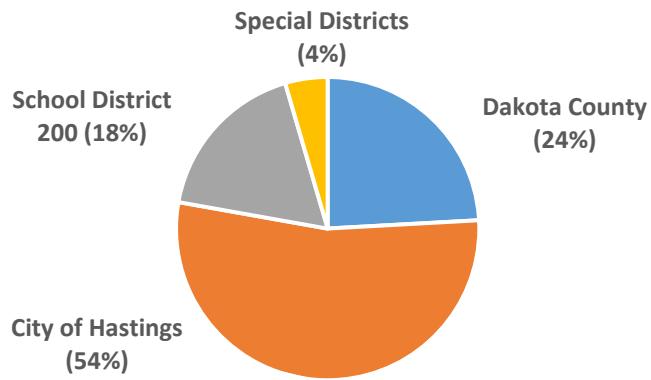

Revenue Sources and Trends

Property Tax

The property tax rate is calculated with a number of variables: market value, tax capacity, fiscal disparities, levy amount, and property tax credits. The County prepares the property tax rolls based on the amount of tax submitted by each taxing entity within the County. In 2016 the tax impacts for all taxing entities on an average Hastings (Dakota County) property tax bill were:

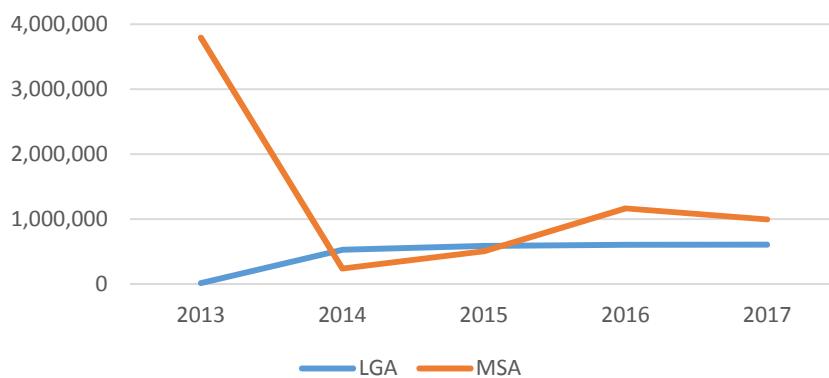

The amount certified to the County for the past five years was:

Year	Tax Capacity	Levy	Tax Rate
2013	\$ 15,470,652	\$11,980,920	68.55%
2014	15,311,741	11,610,920	66.25%
2015	16,942,339	12,060,920	62.58%
2016	17,668,006	12,510,920	63.58%
2017	18,350,680	12,960,920	62.44%

As shown on the preceding table, even though the amount of levy certified increases, the tax rate will decrease due to an increase in the tax capacity value. The tax rate for 2017 is the preliminary rate. The County provides the final calculation. For more information on the property tax, go to Appendix A.

Intergovernmental

Intergovernmental revenue is received from other Government Entities. The State of Minnesota provides Local Government Aid and Municipal State Aid. These are Statutory Aid programs that fluctuate on an annual basis depending on the State Budget and State Aid Street needs. The following graph shows a five year perspective on these two sources. In 2013 there was a large Municipal State Aid approved street project.

Revenue Sources and Trends

Grants are also considered intergovernmental revenue. As grants become available, the Council will consider acceptance and then the grant becomes a funding source. Grant revenue is not included in the budget unless it has been approved.

Charges for service

A charge for service is revenue received when there is a fee for a specific service. It usually involves a service provided to a specific person or entity. Examples would be the charge for skate sharpening or a utility bill. The City has an ordinance that identifies charges for service. It is found in Title III Chapter 34 of the City Code. Fees are reviewed during the annual budget process to maintain the appropriate cost recovery for the service provided. In addition, the City hired a consultant to prepare a comprehensive utility rate report. Since the Water, Wastewater and Storm Sewer funds are financed with user fees it is imperative the rates be changed as costs change.

Special assessments

When the infrastructure that abuts a property is improved a portion of the cost of that improvement is levied to the adjacent property. There must be a demonstrated benefit to the property. The 2017 budget includes a revenue source for special assessments related to the 2017 Neighborhood Improvement Project and collections of previously levied assessments. Special assessments can be prepaid or paid for with property taxes over time. Special assessments are also used to collect delinquent utility accounts and collect for unpaid costs of property clean up.

Bond proceeds

A portion of the property tax levy is used to repay debt. The goal is to maintain the amount of debt payments by limiting the amount of debt issued on an annual basis to around \$3,000,000. The City plans to limit the use of Equipment Certificates in future years through a pay as you go program. The budget includes the following debt revenue:

2017 Neighborhood Improvements	\$2,745,000
2017 Equipment certificates	\$ 157,300

Expenditure Summary

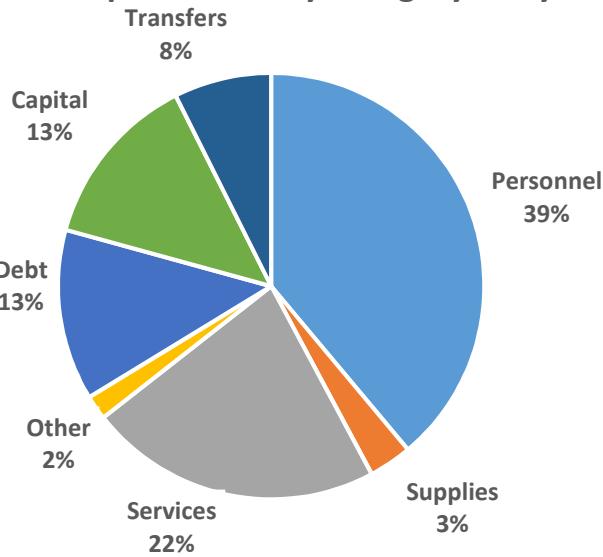

Expenditure Overview

Expenditures are presented in different categories to determine funding sources and to reflect the nature of the cost.

The total adopted budget for 2017 is \$30,199,032. Following is a breakdown by budget category.

Category	Non-Levy		
	Governmental	Business	Total Budget
Personnel Costs	\$ 11,313,965	\$ 1,372,009	\$ 12,685,974

The Fire and EMS budget includes funding for fire rescue tools, medical equipment, voice pagers and an outboard motor. Ambulance rates will increase in January, 2017.

Purpose

This important Civil War mansion was built over several years by General William G. LeDuc, and completed in 1865. Donated to the Minnesota Historical Society in the 1950s, it was used as an antiques shop by the previous owner until the mid-90s when it was acquired by Dakota County Historical Society. In partnership with the City of Hastings, the building was restored to its former glory and now serves as a museum.

Public Works – Storm Water

Purpose

Storm water staff improve the management of storm water to benefit the quality of water. Unmanaged storm water can have devastating consequences on the quality of lakes, streams and rivers we enjoy. Storm water often contains oil, chemicals, excess phosphorous, toxic metals, litter and disease-causing organisms. In addition, storm water frequently overwhelms streams and rivers, scours streambanks and river bottoms and hurts or eliminates fish and other aquatic organisms.

Public Works – Hydro

Purpose

The hydroelectric power plant converts the potential energy in water pooled at a higher elevation into electricity by passing the water through a turbine and discharging it at a lower elevation. The water moving downhill turns the turbine to generate electricity. Hydro staff ensure the power plant continues to operate effectively.

Budget Highlights

HEDRA is restructuring its loan program to make use of funds on hand as part of a revolving loan program where repayments from previous loans are used to fund new loans. The loan issuance budget may be adjusted throughout the year as the HEDRA board approves new loans.

Debt Service Funds are established to account for the City's repayment of bonds issued to finance equipment, infrastructure or facilities.

EQUIPMENT CERTIFICATES

The City issues Equipment Certificates for the purpose of acquiring a variety of capital equipment. The term of the equipment certificates is typically five years. The financing plan after 2017 is to use pay as you go financing to purchase equipment. This practice will reduce the amount of debt and lower costs.

G.O. IMPROVEMENT

Improvement bonds are issued to pay for the cost of infrastructure improvements over the useful life of the asset. The repayment is through property taxes and special assessment revenue. This debt is typically issued for a 10 year life.

REVENUE

Revenue bonds are issued to pay for utility infrastructure. The debt is repaid through utility system user fees.

REFUNDING

Refunding bonds are issued when the anticipated interest rate on the refunding sale is less than the rate in the bonds previously issued. The interest rate savings must be greater than the cost of refunding.

CITY CHARTER

City Charter bonds can be issued for any legal purpose. The debt is repaid through property taxes.

TAX INCREMENT

The City established a specific district within the community for redevelopment. The property taxes generated from the redevelopment within this district are dedicated to repay debt.

2017 Interfund Transfers

The following table summarizes transfers between funds. These transfers are required to provide accurate costing between types of services. Examples of transfers are:

- Capital projects – Infrastructure transfers are based on estimated project scope and the Enterprise funds pay the utility's share of the cost of a street reconstruction
- Budget stabilization – Operations contribute to budget stabilization on an annual basis to save up for expenses that have a one-time impact on the budget
- Administrative overhead – The cost to provide internal services such as human resources, accounts payable, information technology, is allocated to all departments that benefit
- Cost allocation – When the cost for a project or service is accounted for in one location to aggregate the costs, but the project or service benefits other funds an interfund transfer may be done
- Hydro - City owned electric water generation facility contributes to the City operations

City Council Memorandum

To: Mayor Hicks & City Council
From: Melanie Mesko Lee, City Administrator
Date: December 19, 2016
Item: 2017 Budget Adoption Resolutions

Council Action Requested

Approve the resolutions:

- 2017 Final Budget and Final Levy
- 2017 Special Levy

Background Information

On December 5, 2016, the City Council held a public hearing in accordance with Truth in Taxation requirements and a presentation on the 2017 budget was made. It is staff's recommendation that the City Council approve each of the two attached resolutions relating to the 2017 budget and tax levy as developed through the leadership and guidance from the full Council and the Finance Committee (Schultz*, Alongi, Nelson).

The 2017 budget includes a 3.6% levy increase and is operationally balanced, using one-time funding such as Local Government Aid (LGA) for one-time expenses.

The median home value will see an approximate \$19 decrease in their City property tax due to the reduction in the City's tax rate for 2017. Individual property owners may see individual changes associated with home valuation.

The City's website (www.hastingsmn.gov/budget) has a number of budget resources available including the Budget at a Glance, the proposed budget, and the 2017-2021 Capital Improvement Plan.

I would like to express my appreciation to the committee members for their thoughtful consideration and leadership throughout the last several months. Their professionalism is representative of the culture of the entire City Council. I am also deeply grateful to our fine staff, especially Finance Manager Rebecca Petersen, Senior Accountant Diane Archer, and Administrative Services Director Julie Flaten for their insight and commitment to our CORE values throughout the budget development process.

Council Committee:

The Finance Committee met numerous times throughout 2016 to develop the 2017 budget recommendations.

Financial Impact

The 2017 budget has been prepared and expenditures will begin as of January 1, 2017.
